## LANA CHAIREZ & QUEEN

What better way to ring in the new year than with two of LFC's top ring girls? Queen (standing) is posing with a custom made Krinkov AK SBR with Magpul M910 vertical foregrip light, buttsock & pistol grip while Lana Chairez went for the custom made BRN 180 Upper AR with SIG Romeo 5 red dot and Magpul 60 round magazine. LFC fights may only have 3 rounds but our ring girls are packing a lot more than that! Photograph by Miles Long.

## BELLA INK

It didn't seem right that the LFC champ get the shortest month - even though it is her birth month - so we put her on the front and back covers as well! Here Bella Ink poses with her personal Canik TP9 pistol which she received from a photographer who asked if she'd take a gun for payment. Bella's answer? Hell, yeah! Photograph by Richard Anber.

## TOMIKO 'THE TEMPTRESS' TAJIMA

Tomiko Tajima describes herself as a reliable, straight forward person so perhaps it's no surprise her personal weapon is a reliable, straight forward Glock G19 9mm Luger. She chose it for its compact size and relatively light recoil. The next time someone tries to toss her out of the ring she might have something to say about it. "Go ahead, make my day!" ## JOLENE 'THE VALKYRIE' HEXX

LFC's European Champ was stripped of her Booty Camp and LFC Champ titles this past season but vows to get both back in 2025. Hard to imagine anyone stopping her, especially armed with a custom made Vang Comp Systems Winchester Defender 12 gauge shotgun with Bushnell red dot optic, Vang Comp Systems front & rear sights and Surefire forend light! ## MONICA 'FLOWERBOMB' GARCIA

One gun isn't enough for former champ Monica Garcia who showed up with a Heckler & Koch MP5K and a Canik TP9 Elite SC. She definitely got a workout holding up these two bad boys the entire shoot! But she still found a way to pose with her signature ferocity. Don't know about you but we would watch the hell out of this movie! Photograph by Richard Anber.

## ALLY SPOON

Ally Spoon is famous for her impressive curves so picked a similarly impressive weapon for her calendar shoot. It's a custom made Matador Arms 9mm Upper SBR with Stern Defense Glock mag insert, SIG Romeo 5 red dot, 45 degree back up iron sights, Magpul vertical grip and Berska forend light and laser. Ally had just gotten back from holidays when we shot this and told us she had spent a lot of time by the pool. Just don't block her sun!

## SARAH 'THE REBEL' WOLFE

When Sarah Wolfe was invited to appear in our 2025 calendar she was excited... until she learned what the theme was. Her personal motto is 'make love, not war' so guns were a no-go for the referee turned fighter. Rather than lose her, we asked her if she'd be interested in re-creating the famous flower in the gun barrel photo and she agreed to do it. So no guns this month but we think you'll agree Wolfe was worth making an exception.

## ‘TEXAS TANK’ BRANDIMAE

BrandiMae doesn't go anywhere without her 'guns' but for this shoot she also brought a pistol, her own personal Bersa Firestorm 380. The former #1 ranked prospect says she chose it for its compact size that fits a woman's hand perfectly. As for the hat, she is the Texas Tank after all!

## COURTNEY 'COCO LOCO' PEMBERTON

To say Courtney Pemberton was excited to appear in her first LFC calendar would be an understatement - she was positively loco! Especially when she got her hands on this SIG MPX SBR with SIG Romeo 5 red dot, Magpul pop up back up sights, Princeton Tec rail light and Berska forend light and laser. ## TERI 'FEISTY FISTS' LONDON

Teri London arrived to the calendar shoot exactly as you see her here. When asked about it she explained she didn't want to be late so just jumped in her car all kinds of sexy! November is Teri's birthday month and she wouldn't mind a custom made Spike's Tactical AR with Bull barrel, SIG BDX scope and Radian 45 degree ambidextrous safety like the one she's holding above. ## KAILA FRAZIER & LELA BELLINGER

LFC's head turning ring girl and referee, Kaila and Lela, didn't have their own guns but when they saw the photographer's Star Trek memorabilia they couldn't wait to get their hands on them. Lela (front) selected a Type 2 Phaser from the Original Series while Kaila went with the Klingon Disruptor from TNG. Both are dressed in red to pay homage to the beautiful Nichelle Nichols whose portrayal of Uhura was a watershed moment for African-American actors at the time. Photograph by Richard Anber.

As is tradition, our LFC Champ, Bella Ink, graces both the front and rear cover (pun very much intended). She is joined on the front cover by Ziva Fey, Rylee Jade and Audrey Monique. Ziva is armed with a FN Scar-L and was photographed by WO After Dark. Rylee is armed with a SIG p320 and was photographed by DaVinci Drones. And Audrey Monique is triple armed with a MK4 rifle, Glock G17 and CZ75 and was photographed by Hubris. Bella's photographs were taken by Richard Anber. Calendar design by Mayydayy.
